Dear Oakland County Sportsmen's Club. Good evening from Kandahar Air Field (KAF) in Afghanistan. Just received you package of "Christmas Goodies" and what a treat for all!!! Can't express enough how this has helped our spirits during the holidays with everyone being so far from home and their families. All is good here, getting colder and have had rain for the past 2 days so now the flooding begins. Didn't think you would ever hear that it floods in the desert.....but it does pretty badly. Ground/sand is so compact the water cannot drain. So you can imagine the mess it makes. Food here is good but your treats will make up for that. Thanks again for the goodies and thinking about the "troops" here being about 9000 miles from home. Stay safe and God bless you all and God Bless America!!!

PS. Went on your webpage to get your email address and saw the "bar was open". Sounds great!!!!

V/R,
