Dear Oakland County Sportsmen's Club,

The USO in Bagram just wanted to say thank you for your kind donation to our troops! They are so appreciative of anything you send and your thoughts, efforts, and kindness go much much much further then you realize!

We cannot thank you enough for supporting and furthering the USO's mission "to lift the spirit of the American troops and their families". No matter how small or larger the donation is we are able to put to those who serve and brighten their day just a little and we THANK YOU!

Thank you for your continued support,

Christine Gunderson
